Transcriber's Office

March 23, 1998      LB 989, 1075

Legislature before. I think it is a reasonable attempt to compromise this issue and at least give the members an opportunity to act upon this in some way or another in this session. But a germaneness motion now is nothing more than a waste of time. So, Mr. President, I would ask that the body not support the motion to overrule the Chair and we move on with the discussion at hand.

SPEAKER KRISTENSEN: Senator Preister. Senator Landis, on germaneness. The question has been called. Do I see five hands? I see five hands. The question before the body is, shall debate cease? All those in favor vote aye; all those opposed vote nay. Please record.

ASSISTANT CLERK: 26 ayes, 0 nays to cease debate, Mr. President.

SPEAKER KRISTENSEN: Debate ceases. Senator Kiel, you're recognized to close on your motion to overrule the Chair.

SENATOR KIEL: Thank you, Mr. Speaker, members of the Legislature. I think it...hopefully members have focused on, at least in the short time that we've talked about this, whether or not this has to do with budget and taxation or whether or not it has to do with labor issues. I think any time that we have a substantially different subject that's attempted to be amended into another bill, it's important to talk about whether or not it could even happen. And with that I would withdraw my motion.

SPEAKER KRISTENSEN: It is withdrawn. We're now back to debating the Tyson amendment. Senator Hilgert.

SENATOR HILGERT: Thank you, Mr. Speaker, members. I rise to encourage the body to reject the Tyson amendment. I, too...I was one of the four senators that voted it down in committee. I did go and canvas the members that did vote against LB 1075 and, as Senator Abboud illuminated, none of us were asked to participate in the so-called negotiations. I certainly believe that Senator Tyson tried to do that and did it. He explained that he didn't have faith that the Business and Labor Committee was good to deal with or negotiate on. I certainly take some objection to that based on the fact in the past, before I came,
